

Jennifer Xitlalli Alvarado is a dedicated bilingual victim advocate with over a year of experience working for Montgomery County. Passionate about helping all subjects of crime, strives to provide support and empowerment to those in need.

Trauma Services serves victims of Montgomery County. Our victim advocates inform clients about their rights as a victim of crime, the Protective Order Process, accompany clients to the hearings, and advocate for them before the Judges, the State's Attorney's Office, and court personnel. Our program offers therapy for qualifying clients and connects clients to mental health resources throughout the state.
